

Hello, I'm Dolein. I am originally from the Netherlands, but I've been living on Sint Maarten for the past two years now. In 2022 I started working at the SMYC, which is about 1.5 years ago now. Originally, I am not a sailor but working at SMYC has taught me a lot about the sport thanks to all the passionate people around me who love sailing.

Beyond my work I find joy in discovering new places, both on and off the island. Whether it's going to nearby islands to enjoy their beaches, nature and culture, or just savoring the wonderful things Sint Maarten has, like the nice bars and restaurants, beautiful beaches, and much more..

I'm proud to be part of the SMYC team where we collaborate on exciting projects, events, and classes.

You can find me in the office from Monday to Friday. See you there!
