

Hello everyone! I am Celeste, 26 years old. Originally from a small town in the East of The Netherlands. Moved to this beautiful island Sint Maarten in January 2024. I really enjoy living on the island because it is a very diverse, friendly and beautiful island with so much to offer.

Outside of work, I get a lot of joy and relaxation from hiking, discovering the beautiful beaches of this island and going out for dinner in one of the many restaurants on this island. Discovering new places is a great passion and I travel regularly.

For the past six years I have worked in the elderly care in The Netherlands. Even though I really liked working as a nurse, I needed a new adventure. When the opportunity came to live on Sint Maarten, I immediately knew this was the adventure I was looking for.

I'm working at the boutique, managing our socials and working on activities. If you are nearby, feel free to step by in the boutique to have a chat or buy one of the great SMYC merchandise. My working days are Wednesday till Saturday from 9.00 AM – 5.30 PM.
