

Hello, my name is Ole van Veen, an Event Management student at Breda University of Applied Sciences. My love for sailing began seven years ago at a camp in Friesland, and I've been passionate about it ever since. Beyond sailing, I have a deep appreciation for exploring new cultures and discovering beautiful places.

This passion has led me to an exciting internship at the Sint Maarten Yacht Club, where I'm thrilled to be part of the team organizing the famous Heineken Regatta. It's the perfect opportunity to combine my love for sailing with hands-on experience in event management. I'm eager to help the Yacht Club create an unforgettable regatta experience! You can find me in the office Monday to Friday, from 8:30 AM to 5:00 PM. See you!
